The Names of the Jonestown Dead

WASHINGTON, Dec. 17 (UPI) — The following two lists of victims of the Jonestown mass suicide and murder were released by the State Department yesterday. The first list is of those positively identified whose next of kin or friends have not been notified.

The second list is of those identified whose next of kin have been contacted.

For the first list, the department asks that anyone with information about next of kin or friends call (202) 632-3712 between 8 A.M. and 6 P.M., Eastern standard time.

As well as names, the lists include what information was available on birth dates, states where born and last known residence.
